

Advanced Training

This program is available to children ages 6-12 years old that are looking to learn basic and advanced soccer skills while applying them in a competitive, fun environment. This program is designed to get kids as many touches of the ball as possible per session. This is the essential building block of having fun and getting better as a player. If you are considering playing at a competitive club level or looking to gain additional skills and ball touches for your child, this is highly recommended as productive sessions to gain additional experience.

Sessions will be conducted by professional coaches from the Concorde Fire Soccer club staff. The sessions will focus on learning the solid soccer skills required to play at the next level while reinforcing them through fun and challenging exercises and small-sided games. At the end of the session, the coaches will provide feedback and assessment to skills and ability of players to utilize these skills. Key activities:

- *1hr Training session with a professional coach during the week
- ***Games each session 3v3 or 4v4 format (Coaching in Game situations)**
- *Emphasis on individual skill development (review Skill Development Weekly Plan Online)
- *Professionally skilled/licensed coaches who specialize in skills development

**Price (Includes 1 skills training day with a professional coach from Concorde Fire:
